

CLC & Capstone

In today's assignment you will examine the mentor/mentee relationship through the experiences of Kam Phillips and Shawn Blanchard; two individuals whose lives were drastically changed through mentorship.

Instructions:

1. Print out the TEDTalk assignment sheet, and fill it out as you listen to Kam Phillips TEDTalk "Mentorship Will Change the World".

2. In this second TEDTalk from Shawn Blanchard, watch Mr. Blanchard's analogy of mentorship from 8:00 onwards. (His entire talk though is certainly worth watching though!)

Using the inspiration from Ms. Phillips' and Mr. Blanchard's talks, thoughtfully answer the following questions:

1. How does Ms. Phillips challenge the traditional perception of a mentor? How has someone provided you unusual mentorship in your own life?
2. How did Ms. Phillips take a risk in order to find a mentor? Relate the concept of **courage** to **mentorship**.
3. What is something that gets you "fired up" that you could share?
4. Ms. Phillips defines her own "Golden Rule" as a mentor. What would be your "Golden Rule?" Explain.
5. Mr. Blanchard uses the analogy of "throwing the ball" in developing a mentoring relationship. What are your thoughts on this analogy, and how would you, or would you not, use this analogy as you develop your role as a mentor?
