

Week At A Glance October 23, 2022

Dear Parents and Guardians,

Student-Led Conferences

Our first student-led conferences of the year will be from 12:30-2:30 on Thursday, Nov 17th. This is a non-instructional day (no school) for students except during their conference time. Families will be invited to sign up for a 30-minute time session for each student. The **students must attend** as this is not a traditional parent-teacher conference. Students will lead their parents through a series of tasks and review their learning goals together. Teachers will be available to facilitate the conferences, but they will not be available for private conversations. We request that parents make a separate appointment with teachers. It is very important for students to be able to review their learning goals with their families and we will do our best to accommodate every family's schedule. The time slots will be 12:30-1, 1-1:30, 1:30-2 and 2-2:30pm. Sara will send out an email to families to book the time slots with up to 6 students/families per time. We are looking forward to seeing you soon.

PAC

Our first PAC meeting of the year will be tomorrow, Monday afternoon from 4-5pm in the library. You can also tune in by ZOOM if that works better for you. We will be electing our new PAC positions and going over a general overview of the goals of a PAC.

Photo Day Tuesday afternoon October 25th – Includes daycare kids 3 years and older (under 3 years old require parents present)

Salad Bar

This week we will have a hearty veggie chili to keep everyone warm on these cooler days. We will have all kinds of fixings for the top including cheddar cheese, corn chips and sour cream. All the other yummy salad bar items will also be there.

Halloween Fun Event

Next Monday is Halloween and students are invited to wear their costumes to school until recess time. At 9:15am parents are invited to come to the gym for a fun little costume parade and dance a couple songs together before recess. Students will be changing out of their costumes for recess at 10am and need to have something to wear for the rest of the day.

Outdoor Learning Time

The next two Mondays will be a variety of fall and Halloween themed STEAM (Science, Technology, Engineering, Art and Math) activities using our outdoor classroom space.

Have a great week!

Yolanda Lehton, Vice-Principal
