Fourth R Dance Performance, Friday, May 1st

The Fourth R is a theatrical dance show

with video projections about the ways in which human activity is affecting our environment/

It's an artistic presentation that is done without words and instead uses energetic music and dance to tell the story. Music and movement are extremely powerful tools that allow us to tell our story through vibe and energy

After School Programs Update

Registration in after school programs has now been completed and the grace period for drop ins and last minute changes is now closed.

New registrations for existing programs may be considered with a week's notice and may take up to a week to put in place. This ensures that programs are not over full and course leaders have accurate participant information.

As You Wish

A romantic scene with a couple in silhouette, a castle, and a ship at sunset. The couple is in the center, facing each other. To the left is a large, multi-towered castle on a cliff. To the right is a large tree. In the background, a sunset sky with a sun over the ocean, and a three-masted sailing ship on the water.

PAC Invitation

We would like to introduce to the families of Denman Community School a Private Facebook Group monitored by PAC executive team. This group has been created to support clear, positive, and respectful communication between the PAC and our Denman Community School families, as well as an information hub for upcoming events. This is a fully private group for families enrolled at the school for the current year. You will receive an invite through facebook to join the group and is only open to currently enrolled families.

We're so excited to see you in the group and look forward to staying connected and working together to support our students, school and community!

Get ready to show off your school spirit in style! We're looking at bringing in some fun new gear featuring the iconic Denman Dragon—but we want your ideas first. Hoodies? Water bottles? Socks? (Yes, really—spirit toes are a thing!)

Tell us what you and your kids would actually use and love. If it can hold a logo, we're interested! We have put together a survey for you to complete. Stay tuned... your next favourite school swag might be coming soon.
