All parents of Denman students are welcome.

PAC Invitation

We would like to introduce to the families of Denman Community School a Private Facebook Group monitored by PAC executive team. This group has been created to support clear, positive, and respectful communication between the PAC and our Denman Community School families, as well as an information hub for upcoming events. This is a fully private group for families enrolled at the school for the current year. You will receive an invite through facebook to join the group and is only open to currently enrolled families.

We're so excited to see you in the group and look forward to staying connected and working together to support our students, school and community!
