As you select courses for Grade 11 you will need to consider your future education goals (post highschool), post-secondary entry requirements and your interests.

*NOTE: Alternates will be used if elective choices are unable to be met and your timetable is incomplete. If you do not choose alternates, courses will be chosen for you.*

Students should review their course selection choices with their parents keeping future goals and graduation requirements in mind throughout the process. If you have any questions please see your House counselor.
