This is a combined application form for two bursaries presented by Branch 17, and the Ladies' Auxiliary.

The Ladies' Auxiliary Bursary

The Nellie Logie Bursary

The Nellie Logie Bursary is intended for students entering post-graduate work in Nursing. If no Nursing applications are received, consideration is given to applicants entering medically related fields of study.

Ladies' Auxiliary Bursaries are awarded first, to students who are dependents of Veterans, or active Armed Service personnel, then to other students in need of financial assistance. A complete breakdown of all family and personal income and expenses is required. This information is strictly confidential, but must be included, or the application will not be considered. Final selection will be at the discretion of the Bursary Committee. In some cases, preference may be given to students whose grandparents are or were members of the armed forces, or the Legion, or students who are members of a Legion-sponsored group, such as the Junior Pipe Band, Army Cadets, or Militia.
