- * Dear Vanier staff and students,

The Aspire to Action program is running an awareness campaign focusing on National AccessAbility Week. National AccessAbility Week creates opportunities to support and uplift Canadians from all walks of life, and to inspire everyone to create more accessible spaces in their communities.

To better understand the needs of all Vanier students, Aspire created a short, anonymous survey that draws attention to changes Vanier must make in order to become a more accessible school. Posters with the QR code for the survey are posted around the school, and teachers have been given paper copies to distribute to students. We ask that you please take the time to complete our survey. Thank you for your time!

* The New Relationship Trust Foundation (NRTF) is pleased to announce that the first call for 2023-24 Scholarships and Bursaries is now available for First Nations students from British Columbia (BC).

By investing in Indigenous post-secondary education, the NRT Foundation and Partners are building the capacity of our communities, enhancing employment opportunities for graduates, and creating the skilled work force that will enable BC to meet its future economic and social development needs. Awards are available to eligible students as Scholarships and Bursaries.

Our Partners are committed to advancing Indigenous post-secondary success.

Contributions from our generous Partners allowed the NRT Foundation to support over 270 Indigenous students with Scholarships and Bursaries in 2022-23. Almost all Indigenous students face financial barriers while attending post-secondary school and the NRT Foundation's Scholarship and Bursary program eases financial struggles so students can focus on their studies and excel.

For the 2023-24 year the NRT Foundation has partnered with organizations interested in advancing Indigenous educational success and will be administering awards on behalf of:

- New Relationship Trust
