

Identity Collage: Invite students to think about themselves, their interests and what they identify with. Using words and images from magazines, students can describe themselves to others through pictures, words drawings, photos and other treasures that could be mounted on canvas. Can you tell some of the things that this child holds near and dear to her heart?

## Pastel Picasso Portraits

The following lesson from *Deep Space Sparkle* provides step by step instructions for how to draw and colour a self-portrait using oil pastels in the style of Pablo Picasso.
