

MINUTES for the General Meeting of the **SD71 District Parent Advisory Council**, held in the **Isfeld Library** on **MONDAY February 6th** at 6:30pm.

ATTENDANCE:

Jennifer Fisher* - DPAC Chair & Robb Road	Jen Waller*- Puntledge
Joanne Barr - DPAC Vice Chair/Miracle Beach Alt.	Kendall Packham - Arden
Megan Cowling* - DPAC Secretary - Brooklyn Alt	JJ Morgan* - Arden Elementary
Spring Halasz - DPAC Treasurer	Heather Morris * - Miracle Beach
Brooke Finlayson - SHC Chair	Jim Tessman* - Valley View
Tanya Petri* - Isfeld Secondary	Tom Demeo - Superintendent
Emily Hanson* - Airport Elementary	Chelsea McCannel-Keane - Trustee
Jessica Lauder* - Aspen Elementary	Susan Leslie - Trustee
Justyne Smith* - Huband Elementary	Vivian Vaillant*- Highland
Shawn Thir*- Courtenay El/Lake Trail	

12 of 21 voting reps (min. of 7 req'd for quorum)

*indicates DPAC Rep

1 Call to Order 6:32pm

Recognition of Traditional Territories

Introductions

Approval of the Minutes from *January 9th, 2023, Kendall Moved as amended, Joanne Seconded, Carried*

- Amendment Highland DPAC Reps Colin attended by phone afterwards add to attendance

Approval of the Agenda for *February 6th, 2023, Kendall Moved, Emily Seconded, Carried*

4 Presentation

- Christina (Tina) Willard-Stepan (she/her), B.Ed., Facilitator and Environmental Educator (see attached slideshow)

Tina is a paid contractor for Strathcona Waste Management and is offering support to our schools in a number of ways. Through her work, she does educational sessions that tie into the curriculum. Tina's main focus is to get students thinking differently about waste and waste diversion. Sessions and content complexity varies by age:

K-3 Where Does It Go?

4-7 Waste Audit of classroom garbage and Landfill Tours

Funding is required for the field trip to the landfill because of busing costs, but some granting is available. Get in contact for more info. Tina also does holiday-themed sessions (eg. Waste-free

holiday.) She can help through mentorship with school-wide activities such as Repair Cafe, which contributes to a culture of repair, reuse, reduce, rethink.

Tina was prompted to come and speak to DPAC after being sent a photo of pizza boxes stacked to the ceiling from a fundraiser pizza lunch. Students are starting to notice the waste and try and understand how that fits into waste and waste diversion. Pizza boxes need to have bottom composted and top recycled, but it is a significant amount of labour to do properly. Look at other schools and examine what works in a waste-reduction lens. Salad Bar at Huband has reusable dishes and cutlery. Tina acknowledges that differences in labour availability (Community School has paid meal coordinators, EAs sometimes help with prep, Cumberland Community School has paid coordinators.) The amount of volunteers or paid staff in schools currently available reflects the capacity of a school to divert waste, but Tina would like all of us to consider whether our actions reflect what we are teaching students. To connect with Tina for lesson info, mentorship, and more info: pollinatecommunity@gmail.com

DISCUSSION: Differences in what schools can accomplish based on their volunteer or staff power. Airport trying to reduce boxes but time and logistics make it challenging. Depends on how students access the lunch (lines versus delivery and how much time they have.) Composting at schools, who is still doing it and how much does it cost. Future availability of composting at the municipal and district-level and partnership potential.

5 Reports

Chair Report - Jennifer Fisher

- Attended Board Meeting
- Finalizing details for Speaker series
- Meeting with Tom & Geoff
 - Volunteer Code of Conduct, currently being worked on by Senior Admin and Principals/Vice Principals, DPAC will review with parent lens before Code is finalized. (AP 490, see current one attached) Ultimately it will be the Principals decision who gets approval to Volunteer in schools
 - Enrollment continues to climb, Geoff believes that we will have space for everyone in Sept at the schools, but the following year could be an issue, of course with 7 months still to go lots can change.
 - DPAC executive continues to provide support to District parents who need help navigating the system, please do let parents in your school community know that there are parents willing to listen and help.
 - Work continues to happen on our Constitution and Bylaws and hope to have a proposed revised copy to the group in the next two months.

DISCUSSION: What does DPAC support look like? Help navigate the structure for parents. Providing a second set of ears for meetings at principal level. Understanding the structure of the district.

DPAC Treasurer- Spring Halasz

The Gaming Account balance is \$3743.89, the general account balance is \$3453.51. Last activity was a BCCPAC reimbursement for Summit Travel expenses of \$389.35. No questions for Spring. Jenn asked if we could purchase a Jabra 2-way conferencing microphone/speaker for hybrid meetings to make it easier for Zoom attendees to hear and speak.

Motion: “To purchase a Jabra for DPAC up to \$275 through Gaming or General as seen fit.”

Moved: Joanne Seconded: Emily, Motion Carried.

DISCUSSION: Is an OWL better? Owl price is \$1500 each. We could borrow one. Grant to Comox Valley Community Foundation for OWLs or Jabras for all PACs to better support the hybrid model for parent

accessibility. Thank you to Dwayne Mills at Cumberland for this great tech option for supporting parent engagement.

Sexual Health Committee- Brooke Finlayson

Report begins with background, following a presentation to the board in May of 2022, at the meeting on June 21, 2022, the school district unanimously voted *“THAT the Board of Education for School-District No. 71 (Comox Valley) establish a district-wide committee to address the issues of gender-based violence among students.”*

In the January meeting, a Notice of Motion was brought forward. The Notice of Motion is a notice that a motion will be brought to the February Board of Education meeting to rescind the motion made on June 21st, 2022 to create the district-level committee.

Brooke as Sexual Health Committee Chair doesn't know what that will look going forward but she can say she is confident that the Trustees will continue to discuss the best way forward in addressing parent and student concerns around gender-based violence in our schools. Sit tight and we'll see what happens and we will see what direction our Trustees decided to take us in.

On February 2nd, Brooke and Megan went to Cumberland PAC to an overview of the community, the background, history, accomplishments of the committee and future direction of the SD71 Sexual Health Committee. The continual hope is for better better collaboration with the school district and stakeholder groups to provide more and better sexual health and what it will look like with consent comes into the curriculum, and moving forward how to keep our kids at school safe and give them the best education that we can around sexual health and other health curriculum including mental health.

They graciously hosted us, we were given a tour of the Cumberland site and had the exceptional opportunity to see two totems being carved in the gym for a Dawn-to-Dawn initiative in Cumberland for housing. Brooke hopes more students will have the incredible once-in-a-lifetime opportunity to see the totems being carved. They were absolutely beautiful and Brooke hopes the district could entertain more opportunities for the students in the district to see the totems in the spirit of Truth and Reconciliation.

Brooke also is extending an invite for more members to join the Sexual Health Committee (especially dads & stepdads.)

Presentation made to Board in January:

<https://www.comoxvalleyschools.ca/supporting-student-health/>

Finally we like to have first SHC meeting in March, not sure of when/where. As always looking for more members, especially dads and step-dads, to help with advocacy.

Brooke: Questions?

Susan: Comment on Notice of Motion, next step is to go to Committee of the Whole on Feb 14th. Dialogue is needed and conversation still needs to occur. Recommendations go then out of camera to the meeting.

Brooke: Unsure of how this works.

Tom/Chelsea: Need to clarify.

Tom: Notice of Motion is Roberts Rules of Order at next meeting the motion will go forward. Susan is correct and Trustees will discuss during next Committee of the Whole (COW) then the next Board Meeting is when it will be discussed. Doesn't mean anything except being a notice.

Chelsea: Notice of Motion is non-disputable.

Susan: At COW Trustees can make recommendations as response. Loads of process to learn about.

Jenn: Can you rescind a rescinding?

DISCUSSION: Is COW open to public? Tom will cover later. ERASE BC Sessions are now available online. Handouts on table. The sessions are online and accessible via the hotlinks in the PDF attachments. Click to go to signup. Multiple sessions. Glacierview in-person ones.

https://bccpac.bc.ca/images/Documents/Resources/erase_Parent_Sessions_2023-02.pdf?fbclid=IwAR0abMWIvulpfjQo-R7HyjbCXb3hj11t0-ggpCuSxBe8xbx9s-51nX5p7DU

Poster below

Speaker Series Committee - Megan Cowling

- Excited for the education session, Sharing Cultural Perspectives: Where Paths Meet - February 16th *Sharing Cultural Perspectives: Where Paths Meet* is a mini-session of what staff will be learning at the Pro-D Day on February 17th. Free drop-in at the Vanier MPR from 7-8:30pm with door prizes and refreshments. Please come out to learn more about the cultural history of so many sites in the Comox Valley.

As part of the guest speaker honorarium and as a contribution to the event, could we please motion.

Motion: "To reimburse the Teacher Pro-D in the amount of \$1200 for the Parent Education Session on February 16th." Moved: Megan Seconded: Kendall Motion Carried.

DISCUSSION: Cultural information, can it be covered under Gaming? Continued sharing helps get the word out about DPAC Speaker Series.

Transportation & Busing Committee - Jo Barr/Jen Storey/Justyne Smith

- Terms of Reference attached to the Agenda

Following the many discussions around bussing at DPAC, it was an opportunity to create a committee. The first meeting was in January. Goal is to bridge communications, connect with resources (District, Director of Maintenance, Superintendent, CVRD, First Student, DPAC and Parent Community.) Current committee has three members but all members are rural areas and the committee would like more urban representation. The Transportation and Bussing Committee (TABC) will cover more than just bussing, but all forms of student travel within the district. Would like to address the gap of what is happening on our roadways and making sure the children are arriving safely to school. Ask from the committee is to get more parents.

DISCUSSION: Chelsea: connect with Becky Nyquist on Denman re:ferries.

Who else is represented? Making sure more coverage. Vivian: Ben's Letter. Biking at night.

Safe travel happens at all hours. Jim: Bikes as well? What do volunteers contribute? Emily: Active Travel Plan?

Who currently has Active Travel plans. JJ: Arden had one and Jesse is a great resource. Joanne and Jesse will connect. Vivian: Importance of safety and lighting. JJ: the reflectors for Green Team. Jenn: lots of work to be done on this.

Vivian: Benoit's Letter (see page 10)

MOTION: To accept the Terms of Reference for the Transportation and Bussing Committee as presented. Moved: Joanne. Seconded: Spring. Motion Carried.

Emergency Preparedness Committee- Shawn Thir/Annette Yang/Jen Waller

- Terms of Reference
- Funding of the goods/equipment in the Sea-cans at each school

Shawn: Committee consists of three people who met last week. Discuss the TOR and what they hope to accomplish. Impetus for the committee stems from Paul Berry's presentation to DPAC back in the day. Revisit the issue because of quakes happening around the world. Turkey, Syria, New York, small quakes on VI all the time. Point of the committee is 1) increase parent awareness 2) parent education (speakers and education to be more ready) 3) Greater and more thorough preparation within the district. Cooperate together with schools and PACS to do an audit of the existing supplies (what is in Sea Cans at schools) Preparation will save lives

and limit chaos. Get parents aware and prepared about how to pick up kids in an emergency. Not to point fingers but just to find out.

Discussion: Jenn motion to accept? Shawn: change is needed to amend. Final bullet around procedures. Tom: can you wait and meet with District staff? 2010 preparedness and where partnership for a report to the board. Health and Safety manager. Shawn does not want to butt heads but to work together. Emily: Health and Safety person? Emily: Who is responsible? Tom: Consumables are the responsibility of the parents and the district is responsible for equipment and gear. PACS. Tom: The concept now is to access the funds at the district-level through the Family Affordability Fund.

Vivian: snacks are purchased and then shared at picnic. Tom: Paul is the resource from starting program. Sherry Elwood and the initial motion/process. Emily: recognition of what PACs can afford? Tom: Look through Shawn's TOR. Megan: Can we use the Family Affordability Fund to fill earthquake supplies? Tom: cost for parents makes it apply. Tiers. Emily: replacement food would come from who in two years? Money should be an operational fund? Joanne: Collective parent group and district to figure out these things. Tom: Work with Paul to get survival rations that last longer. Kendall: 2019 notes and inventory, Paul thought shouldn't be on PACS. Tom: original agreement consumables. Kendall: Vandalism and locks. Tom: Sea Cans outside Nala'atsi. Ian has a way of inventing welding mechanisms. Battery-powered grinders. Jenn: does this fall under duty of care and are any other duty of care items fall to parents?

Link to guide:

<https://www2.gov.bc.ca/assets/gov/education/administration/kindergarten-to-grade-12/safe-caring-orderly/emergency-management-guide.pdf>

MOTION: Accept TOR as amended. Amendment: strike the fourth bullet.

Shawn: Moved Seconded: Joanne Motion. Motion Carried.

Superintendent Report - Tom Demeo:

Parent info page on the website for SD71, Supporting Student Health has presentation from school counsellors and the directors of instruction from the Board Meeting.

<https://www.comoxvalleyschools.ca/supporting-student-health/>

DISCUSSION: Joanne: add the DPAC webpage link to SD71's? Tom: not in parent information, it would go in partners. Heather: strategic plan info? Tom: under Board of Education. Joanne: when we will look at Strat Plan and will all partner groups be involved? Tom: ends in 2023, proposed timeline, the Board will need to decide if it is a refresh or a redo. Which path will the Board take and why? What level will we refresh or redo. Chelsea: we welcome input.

Trustees Report

Chelsea McCannel-Keene:

First open COW on Feb 14th and Chelsea is chairing it. DPAC recommended considering a hybrid option and they are happy to report that it will be a hybrid meeting. Recently attended BCPSEA AGM with Cristi and Brenda and learned about the joining of childcare and how that will work. Delighted to report a great ratification and bargaining period for BCTF, lots of discussion around support staffing but at this point only two districts yet to ratify. Following up on my question at the Board meeting regarding choice programs and their enrollment numbers, we know now that the Indigenous Education and French Immersion programs are full.

Cross-boundary opened February 1st for applications, and the new principal of Early Learning added a consent to communicate with Early Learning Centres to the registration process which was nice to see. Motion and excited to welcome the new Minister of Education and Childcare, Rachna Singh, to the visit the district. Also officially appointed to their respective committees and excited to work with them.

Susan Leslie: Update on Equity Scan. There is a new anti-racism plan released by the MOEC and the district is taking a close look at the document to make sure they are in compliance and it goes hand-in-hand with the Equity in Action. Have made committees and subcommittees that are based on the four pillars of the Equity

Scan. Governing/Steering committee has representatives from Community, Indigenous stakeholder groups, Elders, and then trustees and senior management teams. Being thoughtful about representatives. What is the district doing well and what are the barriers that the subcommittee see?

Identifying barriers before overcoming them. Each four subcommittees are: Policy and Governance, Learning Environment, Pedological Core and Learn/Learner Profile. Each committee meetings looking at inquiry questions that then go out to larger community.

Another orientation with Stacy Holloway, conflict management, collaboration and communication skills and report wonderful first Circle together. Practicing and leading in Indigenous ways of knowing and being.

Questions: None.

Equity In Action Document:

<http://togetherwelearn.public.prn.bc.ca/wp-content/uploads/sites/51/2020/09/Equity-Scan-2.pdf>

DISCUSSION: Tom: topics? Chelsea: Open part? Tom: open part of the meeting will be on literacy and numeracy and where we need to go. Journey. That is the only presentation, one topic meeting. Jenn: always one-topic?

6 Upcoming Events

- Sharing Cultural Perspectives: Where Paths Meet - February 16th 7:00-8:30pm Vanier Multipurpose Room

7 PAC Sharing

DISCUSSION: Role of the Trustees:

<https://www.comoxvalleyschools.ca/wp-content/uploads/2023/01/The-Role-of-Boards-of-Education-and-Trustees-in-BC.pdf>

Justyne: Huband clothing swap for \$25 this Friday. Still taking donations? Double-checking. See poster below

Shawn: Lake Trail open gym well-attended and art session. Puntledge and Arden future kids from younger grades are playing at schools they will go to Lake Trail and running for two straight hours. Grade 5s and Grades 8 & 9. Two courts going and worked out great. Round robin tournament at Lake Trail played two games each and it was super fun for all.

Vivian: Tickets are on sale for District Musical Matilda at Vanier. Tickets are \$20. Purchase online through Eventbrite. VEX Team (Robotics) just got back from Saltspring where they competed against private schools and did really well and held it.

8 Next Meeting: Monday March 6th 2023 Hybrid here at Isfeld?

9 Adjourn Motion to Adjourn 8:41PM Moved by Jenn Seconded: Joanne. MOTION CARRIED.

Any questions or comments please don't hesitate to [contact us](#).

Administrative Procedure 490

VOLUNTEERS IN DISTRICT SCHOOLS

Background

Volunteers can be of valuable assistance to school staff in support of school activities. Involvement of volunteers is, therefore, encouraged in activities for which the volunteer is qualified, and which do not interfere with or replace employees performing their regular duties.

Procedures

1. The establishment of a volunteer program shall be at the discretion of the Principal in consultation with the staff in each school.
2. Teachers wishing to participate in a volunteer program shall notify the Principal.
3. Before they can begin to work in a school, volunteers shall annually be required to complete a Volunteer Registration Form (Form 490-1) and, if required, provide a Criminals Records Search by the RCMP into their background. (See Appendix A)
4. Volunteers shall be subject to the authority of the Principal and the staff member with whom they are working. The degree of supervision, direct or indirect, to be provided by the staff member shall be determined by the staff member and the volunteer, subject to the approval of the Principal.
5. Volunteers may be asked to discontinue their service if their help is no longer needed, if they prove to be counter-productive, or if they fail to keep their commitment.
6. Parents, volunteers, teachers, other staff members and students are to fully understand the function of volunteers in the school. Volunteers shall not, in whole or in part, perform work that falls within the scope of a bargaining unit.
7. Principals using volunteers shall provide appropriate orientation training as required, and ongoing supervision.
 - 7.1 The staff of the school shall define in general terms and the supervising staff member in specific terms those tasks to be assigned to volunteers.
8. If volunteers deal with children they shall follow protocols developed by teachers.
9. Basic insurance coverage for volunteers will be provided under the District's blanket insurance policy for injury sustained while and in consequence of performing regular and assigned duties of the volunteer occupation with the District, while under the direction and control of the District.
10. Volunteers are to be regarded as an integral member of the team working with students, but they may not undertake tasks requiring educational decisions.

Reference: Section 7.1, 17, 20, 22, 26.1, 65, 85 School Act

Amended: June 25, 2019

Comox Valley School District No. 71
Administrative Procedures Manual

September 2022

Minutes of the Emergency Preparedness Committee

Location: Online via MS Teams

Date: February 1, 2023

Time: 11:00 am

Attendance: Shawn Thir (Courtenay EI, Lake Trail), Annette Yang (Royston EI), Jen Waller (Puntledge Park EI)

Call to order: 11:06

- Introductions
- Members reviewed and agreed upon a draft of committee terms of reference, and discussed scope of committee (see attachment). This committee should limit its scope to earthquake disasters. These are community-wide events that require a community focus.
- Members expressed concerns about the overall level of preparation.
 - Unsure of level of preparation, don't know who is in charge, and don't know what to do if The Big One strikes.
 - There should be no ambiguity with regards to these questions and what to do.
 - Shawn: Last time I was in Courtenay EI's sea container to grab flashlights during a power outage, all of the batteries were dead.
 - Jen: I don't know what is inside the sea container at Puntledge Park.
 - Annette: I remember there being an issue with mold inside the sea container at Cumberland Community School.
- Annette nominated Shawn to be chair of the committee. Seconded by Jen. Shawn accepted.
- Members agreed that committee meetings should be held before DPAC meetings so activities of the committee can be shared.
- Members agreed that they cannot see the big picture with regard to school and district preparedness. Contents of sea containers are a mystery.
- Members agreed that preparation is a huge expenditure that would likely have to be done in stages (buy essentials first, followed by other extras, followed by "nice-to-have" things).
- Discussion on emergency preparedness evoked lots of questions:
 - Is there a budget for this? Who manages it and the content of sea containers?
 - Who is in charge?
 - Who pays for supplies? SD71, DPAC, individual PACs?
 - What is the level of awareness among parents? Do they understand what the procedures are for collecting their child(ren) from school in the event of a major earthquake?
- These questions help inform the direction of the committee.
 - **Where are we in terms of preparation?**
 - Survey of parent awareness.
 - What information do you need/want?
 - What do you not know?
 - Have you participated in emergency preparedness at your school? (drills, purchasing supplies, etc.)
 - **Parent education.** Raise awareness with information-sharing, inviting speakers, etc. (Shawn has a presentation on his experience with the 2011 Great East Japan Earthquake that would be valuable in fostering awareness.)
 - **Audit of sea containers.** A district-wide audit of the contents of sea containers will help identify where preparations are adequate or inadequate.
 - Sharing results of audit will increase parent awareness and hopefully encourage action to boost preparation for emergencies.
 - A time-consuming task. Plan for conducting the audit needs to be developed.
- Action items
 - Annette to develop a series of questions for an audit and questionnaire to gauge parent awareness.
 - Shawn and Jen to review and compile information about emergency preparedness from SD71 website.
 - Shawn to arrange meeting with manager in charge of safety.
- Next meeting: Wednesday, March 1, 2023 @ 11:00 (via Teams or Zoom)
- Adjourned: 12:00

Establishing Respectful Relationships and Consent in Our Communities

Parent Session - 90-minute session

DATES: Four dates to choose from

February 2 / February 7 / February 27 / March 8

TIME: 6:30 – 8:00pm

LOCATION: Virtual via Zoom

In this session, we will explore the topic of consent, and the dynamics of gender-based violence. We will discuss the current state of gender relations faced by our children in both the physical and digital landscape, as well as the potential for exploitation within these relationships. Our trainers will provide Parents/Caregivers tips and tools on how discuss these topics with their children to create positive family connections.

TOPICS COVERED WILL INCLUDE:

- What defines consent? A discussion
- The dynamics of gender-based violence
- An overview of worrisome content, and how to manage their child's exposure on popular social media and gaming platforms
- The different types of bullying and cyberbullying relationships
- The pathway to sextortion and human trafficking—important signs to look for
- The importance of checking in on our children's mental health and strategies for success
- Family suggestions, as well as tips to facilitate positive conversations and outcomes

February 5, 2023

Dear, District 71 PAC,

My name is Benoit Vaillant. I am a grade ten student at Highland Secondary. On November 9, 2022 I was hit by car while cycling home from an extracurricular school program at night. I was rushed to the hospital and then taken by helicopter to Nanaimo due to the paramedics suspecting I had broken my neck. Luckily, I was wearing a helmet, and aside from whiplash and a concussion I had no internal injuries. After two weeks of recovery I was grateful to be pretty much back to normal.

Once I had recovered, I decided to use my experience to help prevent other youth from getting hit by cars. The night I was hit, I didn't have any lights on my bike. I have since learned that not only is it unsafe to bike at night without a battery operated front and back light set, it is also illegal and can result in a fine of up to \$300. When I asked classmates and friends, I discovered that this is not common knowledge. Further, finding good quality lights at an affordable price proved to be a challenge.

My goal is to spread awareness and put free lights on as many bikes in the Comox Valley as possible. To do this, I need to fundraise. Unfortunately, most companies won't just give money to a "random kid". I am looking for a not-for-profit who is willing to support my project by accepting donations and offering receipts when requested.

Over Christmas I was able to gather samples and conduct focus groups to find the best product possible. I have decided on a specific product to give out that is affordable, easy to use, and easy to charge. I estimate that I can equip one bike with a rechargeable front and back light set for every \$5.00 I collect. There is also the possibility of providing reflective zipper pulls and stickers for coats and backpacks.

If you are willing to support this project the next step will be for me to find sponsors through sharing my story in the local media.

Thank you for your considerations,

Please find samples of the products enclosed.

Benoit Vaillant
