

Blackberries

**Blackberries grow
on vines.**

The vines have very big thorns. Ouch!

Blackberries begin as beautiful pink flowers.

**The flowers turn into
green berries. Crunch!**

**The green berries
slowly turn red in the
sun. Sour!**

**The red berries soon
turn black. Yummy!**

The blackberries turn grey and soft if they are not picked. Ew!

**Blackberries are fun
to pick. Plop! Plop!**

**Even friendly spiders
like blackberries. Tip
toe, tip toe!**

**Blackberries turn
white dough purple.
Swirl!**

**Baking blackberry
muffins smell
delicious. Sniff, sniff!**

**They are delicious!
Mmm!**
