

Chinook the Hawk

This is Chinook
the hawk.

Chinook fell out of his nest when he was a chick. A boy named Ben found him.

the Raptors

One day Ben and his family took him to the Raptors Centre. The experts would care for Chinook.

Emily helped look
after Chinook
at the Raptors
Centre.

Jill helped
Chinook
find food.

Chinook needed
help to fly.

Hawks like Chinook
have big eyes. They
use their good
eyesight to find food.

Chinook uses his
wings to hide his
food from everyone.

You can visit Chinook
at the Raptors
Centre in Duncan.
