SD71 survey

Dear Comox Valley Schools' community member,

The Board of Education is developing a new Strategic Plan to guide the district. To begin this process, we are seeking your help to determine our visioning for the future of our district and your input toward our new student learning focus of core competency development.

This anonymous survey could take approximately 20 minutes to complete. There are no mandatory fields, however we encourage you to fill out as much as you can as your responses will deeply inform our process. If you are experiencing any accessibility issues with this survey, please call 250-334-5500.

Thank you for your time and dedication to supporting our school district!
