

SCHOOL CALENDAR

Background

On or before May 31 of each year, and in consultation with our education partners, the Board will establish an annual District and local school calendar as per the School Act and School Calendar Regulation.

Procedures

1. Requests for alternate school calendars shall be considered by the Board only after extensive consultation by all partner groups and the communities affected.
2. Requests for alternate school calendars shall be supported by evidence illustrating the positive impact of any proposed change on student learning/achievement.
3. Alternate school calendar proposals must include a research component that will indicate how the impact on student learning/achievement will be measured.
4. Amendments to existing school calendars and alternatives to the standard school calendar or the local school calendar must meet the requirements of the *School Calendar Regulation*.
5. The Board will consider special circumstances for schools.
