

STUDENT FEES

Background

The District is committed to providing a broad range of educational programs and opportunities for students free of charge consistent with the School Act, regulations and ministerial orders. The District may charge a fee for goods and services associated with enrichment activities, courses, or programs. When a fee is charged, the intent is to assist in recovering costs without realizing any profit. Every effort shall be made to keep fees to a minimum.

The purpose of this Administrative Procedure is to clarify those programs, resources and services that are free of charge and also to outline the fees and deposits that the District may charge. The subsequent Administrative Procedure also provides a fee waiver process to support families who experience financial hardship with the goal of supporting equal access to all educational programs and opportunities for students.

Students who are school-aged, resident in British Columbia and enrolled in an educational program at a school operated by the District will be provided free of charge with the following:

- Instruction in an educational program sufficient to meet general graduation requirements;
- Instruction in an educational program after the student has met the general requirements for graduation;
- Educational resource materials necessary for participation in an educational program.

The District may charge fees for the goods and services as indicated in the procedures which follow.

The District may waive all or part of a student's fees, or provide an alternative option, where the Principal determines that the payment of fees will cause financial hardship to a student's family.
