Administrative Announcement

District Principal: Student Services

Comox Valley Schools is pleased to announce that Ms. Tracy Pederson has accepted the position of District Principal: Student Services.

Tracy is in her 15th year with the district and has served in the capacity of Teacher, Learning Support Teacher, District Low Incidence Support Teacher, District Support Teacher, Elementary Vice Principal and most recently District Vice Principal of Student Services. She brings a depth of understanding, experience, skill and leadership to the role. The establishment of District Principal: Student Services brings Student Services leadership into alignment with the rest of the district as all other departments have district principals to enable timely and effective decision making.

Please join us in congratulating Tracy Pederson as the new District Principal: Student Services.

Respectfully,

Dean Lindquist, Ed.D.
Superintendent of Schools
