# Finance Committee Briefing Note

Date: May 9, 2017

To: Finance Committee

From: Sheldon Lee, Acting Secretary Treasurer

Subject: BCSTA AGM Session on Financial Report

At the BCSTA AGM on April 28<sup>th</sup>, I attended a session on "Enhancing School District Governance and Accountability" as facilitated by two senior Ministry of Education Financial staff. They shared with attendees recommended requirements that a school district should implement for sound financial reporting. Having stated the former, SD71 is in full compliance with meeting many of these requirements.

#### 1. Quarterly Financial Reporting

At a minimum, school districts should report out their financial position with regards to expenditures vs budget to their Finance Committee and the Board on a Quarterly basis. They should report out Operating Funds, Local Capital, and Bylaw Capital.

#### SD71 comments

SD71 reports out their financial status on a monthly basis, which exceeds the Ministry's recommended quarterly reporting. At this time, SD71 does not report out the Local Capital and Bylaw Capital balances. This requirement will be reviewed between the Secretary Treasurer, Director of Finance, and Director of Operations on a format that best summarizes the reporting requirements (refer to Appendix A – Sample Summarized Capital Reporting).

#### 2. Surplus Policy

The Ministry is recommending that school districts have "Surplus Policy" in place by June 2018. At this time, the Ministry is working on a template policy for school district to utilize. They are leaving the amount for a surplus at the local school district to determine. This could be a fixed amount, or a percentage amount of Operating Budget, e.g. 1%, 2% or 3%.

#### SD71 comment

SD71 will await the Ministry's "Surplus Policy" template before proceeding.

#### 3. Audit Committee

The Ministry is recommending that school districts should have an Audit Committee.

#### SD71 comment

SD71 has had an Audit Committee in place for several years. They meet twice a year to review year-end processes and the district's audited financial statements.

#### Briefing Note 2017/18 Annual (Preliminary) Budget Overview

#### 1. Strategic Priorities

- *Organizational Sustainability*: To ensure that our financial, human, physical resources support student success.
- Education Evolution: To strive for educational excellence for all.
- Community Engagement: To cultivate community engagement in public education.

#### 2. Executive Summary

- 2.1. Due to enrollment growth in 2016/17, and the anticipated growth for 2017/18, the budget process for the 2017/18 Annual Budget was in a different paradigm in comparison to previous years where enrollment decline existed. In summary School District No.71 Comox Valley (SD71) has a "Balance 2017/18 Annual Budget". Some of the key highlights are:
  - Estimated enrollment growth of 120-fte student in K-12 core schooling,
  - Maintaining all existing service levels from 2016/17 to 2017/18,
  - There are no layoff notices of any positions given,
  - In some cases, there are increases to service levels to some educational programs,
  - Based on the Supreme Court of Canada (SCC) ruling to restore 2002 Teachers Contract Languages, for SD71 in reference to a "Maximum Secondary Load of 210 students" language, SD71 is in a position to implement a "Non Instructional" block at Secondary Schools,
  - Restore "Call Out for Teacher on Call and Casual Staff" on 1<sup>st</sup> day absences for Non Enrolling Teachers and Education Assistance (EA), and
  - Increased EA daily working hours (e.g. from 5.0 hrs/day to 5.75 hrs/day = 15 min increase due to extended day, 22 min funded from LIF, 8 min from Operating. This will allow 30 minutes outside of the instructional time).

- **2.2.** For SD71, the residual challenge with increased enrollment and the SCC ruling, is classroom space, with the school district needing 33-classroom space. In the SCC Letter of Understanding 17 (LOU 17), as negotiated between the BCTF and BCPSEA, a school district must:
  - Reclaim classroom spaces that are rented out to 3<sup>rd</sup> parties,
  - · Re-examine exiting school boundaries,
  - Re-examine utilization of space within a school and neighboring schools, and
  - Utilize temporary classroom spaces.

During the reconfiguration process of classroom spaces in a school to comply with 2002 restored language on class size and composition, the school district identified that 33 classrooms spaces will be required. All costs associated with reclaiming, restoring, and modernizing the classroom space for suitable learning environment, will be budgeted from the Supreme Court of Canada Overhead Funding.

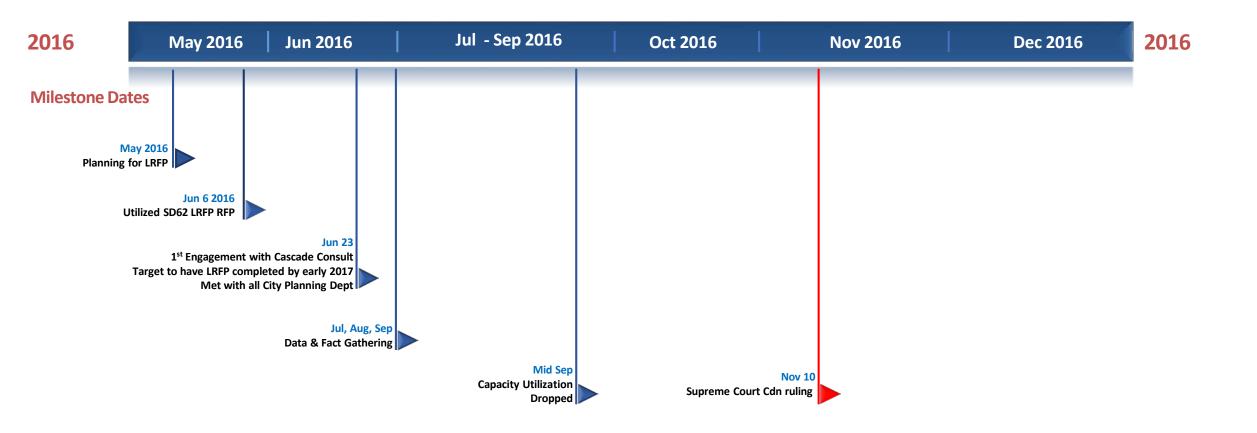

- **2.3.** Summary to Stakeholders requests are listed as follows:

#### Columbia Institute High Ground Conference

March 31-April 1, Vancouver, BC

This was another good experience for a school trustee to meet with and listen to local government initiatives from across the province and other parts of Canada. I even met an alumnus from the secondary school in Moose Jaw where I taught before we moved to the coast. He has been mayor and is currently a councilor, and we exchanged war stories about folks we both knew back in the day. Small world.

Relevant sessions for trustees was smaller this year and I have commented that point to the organizers.

Regardless, there are many opportunities for trustees to meet other local government and non-profit groups to exchange information. Details change but often the issues are the same from one part of BC to another.

The Columbian Institute has made my reporting easier by providing online links with features of the conference.
