
Parent Account Creation

Parents can now create an account in MYEDBC without any intervention from a school district. The process is as simple as clicking a link and entering just a few pieces of information and verifying their email address. Creating an account gives parents and guardians the ability to register their children to attend school directly in MYEDBC

- It is necessary for the parent to have a Family Portal account in order to view and complete the forms.
- In cases of parents new to the district, this is achieved by choosing “Request an Account”, giving them a limited Family View Account with the Online Registration AddOn Role.
- Parents with a existing account will see the “Initiate” button on their Home screen when they log in if they have the Online Registration Add-On attached to their existing role by the district.

Parents who do not have a Family Portal Account

Request an account here: <https://www.myeducation.gov.bc.ca/aspen>

The image shows a login interface with the following elements:

- A blurred header area at the top.
- A "Login ID" label above a text input field.
- A "Password" label above another text input field.
- A red arrow pointing from the Login ID input field to a button labeled "Request an account".
- A link labeled "I forgot my password" in blue text.
- A "Log On" button at the bottom left.

Parent initiates New Registration

When a parent or guardian creates an account in MYEDBC, an Online Registration widget is visible on the home page at login. If a parent with an existing account in MYEDBC has the Parent/Guardian – Online Registration add-on Role, they will also be able to see the Online Registration widget.

Beginning of the process of student registration is as simple as clicking the “Initiate” button in the Online Registration widget.

Once the parent starts the process and completes some demographic information for a student, they can save the information and continue the process later by clicking on “Save and Close”.

The registration will remain on the Online Registration widget with the Status of “Not Submitted” showing the parent that the process has not yet been completed. At this point the parent just needs to click on the green checkbox on the record to continue the registration process.

Parents can register all their children online. The status of each registration will show individually on the widget. Once registration is complete the entire registration can be printed by simply clicking on the printer icon next to the submitted registration.
