

Daily Health Check for Students

Updated April 28, 2021

Parents and caregivers must perform a daily health check and follow the directions as to when students must stay home.

SYMPTOMS	WHAT TO DO
<ul style="list-style-type: none"> • Fever (above 38° C) • Chills • Cough • Loss of sense of smell or taste • Difficulty breathing 	<p>1 or more of these symptoms: Stay home and get a health assessment.</p>
<ul style="list-style-type: none"> • Sore throat • Loss of appetite • Headache • Body aches++ • Extreme fatigue or tiredness • Nausea or vomiting • Diarrhea 	<p>If you have 1 symptom: Stay home until you feel better.</p> <p>2 or more of these symptoms: Stay home and wait 24 hours to see if you feel better. Get a health assessment if not better after 24 hours.</p>
<p>If you are a close contact* of someone who has COVID-19 and have any of the symptoms listed above: Get tested and stay home.</p>	

* You will be notified by Island Health if you are a close contact.

When a **COVID-19 test is recommended** by the health assessment:

- If the COVID-19 test is **positive**, the person must stay home until they are told by public health to end their self-isolation. In most cases this is 10 days after the onset of symptoms. Public health will contact everyone with a positive test.
- If the COVID-19 test is **negative**, the person can return to school once symptoms have improved and they feel well enough. Symptoms of common respiratory illnesses can persist for a week or more. Re-testing is not needed unless the person develops a new illness. BCCDC has information on receiving negative test results.
- If a **COVID-19 test is recommended but not done** because the person or parent chooses not to have the test or a health assessment is not sought when recommended, and the person's symptoms are not related to a previously diagnosed health condition, they must stay home from school until 10 days after the onset of symptoms, and then may return if feeling well enough.

If a **COVID-19 test is not recommended** by the health assessment, the person can return to school when symptoms have improved and they feel well enough. Testing may not be recommended if the assessment determines that the symptoms are due to another cause (i.e. not COVID-19).

Stay Home When Required to Self-Isolate

The following students, staff or other persons **must stay home and self-isolate**:

- A person confirmed by public health as a case of COVID-19; or
- A person confirmed by public health as a close contact of a confirmed case or outbreak of COVID-19; or
- A person who has travelled outside of Canada in the last 14 days.

Anyone required to self-isolate will be supported by public health. Additional information is available from BCCDC.
