

Dual Credit Academics

Dual Credit means taking a college course while still in high school and receiving college course credits and high school elective course credits at the same time.

Register Now for Grade 12

You will soon be selecting courses for next year and you can choose “Dual Credit Academics” as an option. Dual Credit courses can be taken face to face or online during your grade 12 year. If you are interested, please connect with your Careers Centre or email Dawn.Anderson@sd71.bc.ca. Your careers team will work with you to select courses that align with your career path interest and will complete your registration package with you.

Tuition Sponsorship

SD71 sponsors students to take 1-4 courses in their grade 12 year. The district will sponsor **all tuition!** Students will be responsible for books and a \$42 application fee.

What Courses Can You Take?

You can register to **take any course at NIC or VIU** that you need for a desired career pathway. Work with your careers coordinator to make sure you take your favourite classes.

To the left you will see some courses at NIC that students enjoy taking. Many of these align with the high school calendar, as well, some are offered as night classes and Digital so that the courses fit seamlessly into your life schedule
