

COURSES AND PROGRAMS: NON-MINISTRY

Background

Not all student needs and interests can be met by provincial curricula, and local needs and priorities are to be reflected in educational services. The District may, therefore, offer locally developed and board/authority authorized courses and programs.

Board/Authority authorized courses are offered to meet student needs and interests. They are authorized by the Board according to requirements set by the Ministry of Education. There is no limit to the number of Board/Authority authorized courses that students may use as part of the 28 credits of electives needed to fulfil the graduation requirements for the Graduation Program.

Procedures

1. All locally developed and Board/Authority authorized courses and non-ministry programs must be authorized by the Board.
2. Submission
 - 2.1. Proposals for locally developed courses shall be submitted on the Board/Authority Authorized Course Framework Template (BAA Course Framework Template).
 - 2.2. Course program submissions must align to Ministry policy.
 - 2.3. Those courses and programs not being offered for three consecutive years will automatically be reviewed.
3. Review
 - 3.1. There will be a periodic review of existing non-ministry and Board/Authority authorized courses and programs.
