

PROGRAMS OF CHOICE

Background

The District believes in making program choices available to students whenever possible. Some optional programs may only be viable when offered in one location in the District but open to students throughout the District. From time to time the District will designate such optional programs as Programs of Choice.

All interested and qualified students are to have an equal opportunity to be selected for registration in Programs of Choice with limited enrollments.

A Program of Choice approved by the Board will:

- Operate within the parameters of the School Act and regulations and authority of the Board;
- Be consistent with Board policy and administrative procedures;
- Conform with collective agreements;
- Be housed in facilities where space permits and which are suitable to the program;
- Be maintained without transportation assistance from the District;
- Incur no extraordinary costs for program maintenance;
- Be subject to periodic evaluations by the District.
