

ACCESS TO STUDENTS

Background

This Administrative Procedure refers to access to students by external agencies, associations and speakers beyond the relatively structured setting of the classroom or counselling/work experience offices.

Procedures

1. Those seeking access to students must recognize the following:
 - 1.1. School staff annually set goals and priorities for activities, and there must be sufficient time provided for planning and/or consultation;
 - 1.2. Schools are primarily curricular and instructional institutions following Ministry and District programs;
 - 1.3. School staff shall provide a balance of differing perspectives whenever possible;
 - 1.4. School staff have a responsibility to parents and community that the activity is appropriate;
 - 1.5. Access is limited. Groups must understand that the demand for access far exceeds available time and resources.
2. Access to Students – Hiring of Professional Performers
 - 2.1. Principals have the authority to hire professional performers at their discretion.
