

JOINT PROJECTS

Background

The District endorses the concept of development of joint use sites with other public bodies.

Procedures

1. Joint use projects must benefit the community as a whole.
2. Capital expenditures are subject to the approval of the Ministry of Education.
3. Capital cost sharing shall be based upon the projected future use of the facility.
4. The District will assume only its portion of the operating costs of joint projects. No extraordinary operating cost shall accrue to the District as a result of the joint development.
5. Joint use partners shall provide the District with proof of all risk and third party liability insurance as determined by the District's insurer.
